

The Customer
Advantage

AA Propane Gas Inc.

TOP NOTCH SERVICE

"The team at ARS are extra helpful and knowledgeable. They put together specifics for our needs. The owner of ARS reached out to us himself after our initial contact with an offer to make his own equipment accessible to us. This was most impressive to us!"

**AA PROPANE
GAS INC.**

COMPANY PROFILE

INDUSTRY:

Propane

LOCATION:

Green Cove Springs, FL

SYSTEM:

Route Manager Advanced 8.0

CUSTOMER SINCE:

2022

AA Propane Gas Inc. is a family-owned and operated commercial and residential propane gas sales and service business. They have been serving Clay County, FL and its surrounding area for more than 30 years. The three top priorities of their business are: customer service, safety and reliability. They pride themselves with being involved in the community and their commitment to providing top-quality customer service to their peers. It is important to them that their partners stay up and running, homes warm and supper on the table with clean-burning efficient propane gas.

ELIMINATING PAPER ROUTE TICKETS WITH TABLETS

They began looking for a new software system after the one they were currently using crashed and they couldn't use it anymore. With their old software system they were using daily printed tickets. Not having to enter in tickets manually and processing each ticket is where they find the most amount of time saved. They love using tablets in the field and automating that process.

ROUTE DELIVERY PLANNING IS A BREEZE

AA Propane invested in an additional module called Manago Dispatch Manager, a visual scheduling tool to easily manage their route schedules. The drag-and-drop interface helps them quickly determine how a route will be driven, saving tons of time when their planning delivery routes.

SMOOTH TRANSITION TO A NEW TECHNOLOGY PARTNER

When asked how Jackie Rivers would rate her experience with Advantage Route Systems, this is what she said. "I would give ARS a 10. Hands down for the accessibility, and the ease of help from ARS technicians. Janelle was so great, I felt like I gained a new first-class friend -I was sure that we were going start vacay-ing together, JK but she is great! I do believe that ARS team has spent extra time to go above and beyond to help us!"
