

TURN YOUR WEBSITE INTO A COMPLETE DIGITAL STOREFRONT

Mango Web® turns your website into a digital storefront to enable customers to:

- ✓ Sign up for service
- ✓ Check current balances
- ✓ Make payments
- ✓ Review past invoices
- ✓ Order products
- ✓ Review or skip scheduled deliveries
- ✓ View equipment rentals
- ✓ Print receipts
- ✓ View special offers
- ✓ Access other important information

By integrating into your existing website, or having our team create a website for you, your web store will be up and running in no-time.

Mango Web® is a complete eCommerce solution that enables you to sell your products and services online 24/7. Whether you're selling water bottles or propane – Mango Web ensures that your customers can order from your website at their convenience.

Mango Web helps turn your website into a revenue source by allowing new and existing clients to place orders and make changes to their account. It integrates directly with RMA in real-time, so orders from your website are automatically synced with your RMA.

- Helps turn your website into a 24/7 revenue source, by allowing your customers to do business with you at their convenience.
- Integrates directly into Route Manager in real-time to sync customer data and orders, and maintain an up-to-date product catalog.
- Allows new customers to sign up for your delivery service from your website, and imports their information directly into Route Manager for you to review.
