- And more

ACCEPT PAYMENTS ON YOUR WEBSITE

Mango Pay allows your customers to view past invoices, pay current invoices, and change credit card information – at their convenience. With 24/7 access to billing, your customers will be able to view their entire billing history all in one place.

ACCEPT PAYMENTS FROM MOBILE DEVICES

Your customers can easily pay their bills from their mobile device. With a mobile-optimized web portal, Mango Pay enables customers to pay wherever they are. They can simply log into their account from any web browser on their mobile device, and conveniently view invoices, make payments, and update their payment information.

GIVE CUSTOMERS THE OPTION TO SIGN UP FOR ONLINE STATEMENTS

Customers can choose to go paperless by signing up for web statements. They will conveniently receive their statements by email – saving you printing and postage costs.

SAVE TIME BY SEAMLESSLY INTEGRATING WITH ROUTE MANAGER

Changes to data from the web portal can be synced so the information is automatically updated in Route Manager without any additional data entry.
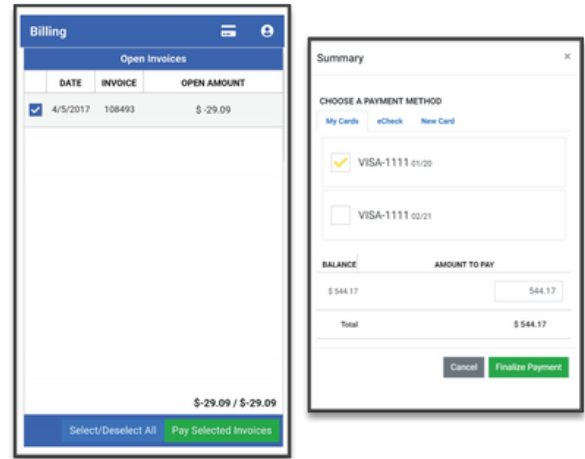

HOW DOES WEBSITE INTEGRATION WORK?

ACCESS THE WEB PORTAL DIRECTLY FROM YOUR WEB SITE

Customers can simply visit your website and click a link in the main menu of your website to be taken to your company's web portal. The web portal is hosted in Mango Cloud, so no direct integration with your website is required.

## CUSTOMIZE YOUR WEB PORTAL TO MATCH THE LOOK OF YOUR WEBSITE

Update your web portal to contain the information you want, as well as the colors, logo, and style you need in order to match your brand. You can also turn various features on and off to meet your business needs. In less than an hour, you can have a branded web portal ready to go.
