

The Customer
Advantage

BLUE MOUNTAIN WATER

ACCURACY & EFFICIENCY

"Since going live with RMA, we have seen a vast improvement in our day-to-day operations. Drivers are running their routes with handheld computers daily. Paper invoices have been eliminated, and the system accurately keeps track of equipment rentals and servicing."

COMPANY PROFILE

INDUSTRY:

Bottled Water Delivery

LOCATION:

Trinidad and Tobago

SYSTEM:

Route Manager Advanced

CUSTOMER SINCE:

2008

Blue Mountain Water began its bottled water operation in 1997. With recent expansions, and state of the art equipment, they strive to provide their customers the best products and quality service. Blue Mountain Water delivers its products to all areas of Trinidad and Tobago, along with other locations in the Caribbean.

IN WITH THE NEW

With 21 trucks out making deliveries every day, Blue Mountain is growing and the dynamics of their business operation is evolving. Manually handling invoices is not as easy as it once was, so they began to do some research for a system that would allow them to implement handheld computers. When Blue Mountain initially contacted ARS, they were interested in implementing a handheld solution that would connect with their PeachTree Quantum system. After some back and forth discussion, they eventually decided that going with an entire RMAAdvanced package would be a much better fit.

RUNNING MORE EFFICIENTLY

"Since going live with RMA, we have seen a vast improvement in our day-to-day operations. Drivers are running their routes with handheld computers daily. Paper invoices have been eliminated, and the system accurately keeps track of equipment rentals and servicing."

ARS SUPPORT

In the time that Blue Mountain has been working with Advantage Route Systems, ARS has demonstrated tenacity and has put forth a very strong effort to ensure that their company was up and running smoothly in just a couple of months. ARS' trainer worked 10-15 hour days while on site to ensure that everything ran smoothly before he left. Blue Mountain Water and ARS are now working as a team to fine tune Blue Mountain's operations and ensure that they are running at their full potential!

We do it all for you. Call 888.294.7688 to schedule a demo or visit www.AdvantageRoute.com

WHO IS ARS?

Advantage Route Systems of Turlock, CA, USA is a global distributor of route-automation solutions.
